

10 November 1977

MEMORANDUM FOR: Chief, Benefits and Services Division
VIA : Deputy for Special Programs
FROM : 
Executive Assistant to the
Director of Personnel
SUBJECT : Combined Federal Campaign --
Participation by Military Detailees

Per our conversation, please review the procedures by which military detailees may participate in the Combined Federal Campaign. What we need is a method of operation that will insure that our detailees have an opportunity to participate, either under the Agency program or the parent service program. This program should be designed so that we take the initiative rather than waiting for the officer or enlisted person to come to us.
